

Introducing Dell Vostro™

Not just a PC, but a commitment to doing more for your Small Business.

Vostro notebook and desktop systems are built exclusively for small business and are ready to be customized with the features and software that you want for your small business. Dell understands your needs and provides you with end-to-end solutions made of customized systems, comprehensive services and the expertise and insight you require to keep your technology working hard for you.

Ideal Balance of Screen Size and Portability

The Vostro 1500 is ideal for business users who want the benefits of widescreen viewing but are also concerned with mobility.

Busy professionals will also appreciate enhanced wireless connectivity, worry-free durability and great Dell service and support.

Services for Small Business

Leave the IT to us. Take advantage of Dell know-how and services for small business.

Easy-to-use tools to automate system setup, maintenance and performance optimization come standard on every Vostro.

Versatile Performance in a Medium Package

Professional design with fingerprint resistant premium matte black finish and dark chrome accents

Durable RoadReady™ design with Magnesium-alloy chassis, sealed keyboards and StrikeZone™ hard drive protection

Dell MediaDirect™ with Instant Office technology for quick access to your calendar, contacts and files

Dell's exclusive Wi-Fi Catcher™ finds Wi-Fi hotspots without opening or powering on your notebook

Optional:

2.0MP Integrated Webcam for video conferencing with coworkers or business associates

High Capacity 9-cell battery to extend your freedom from an outlet

Built-in Dell Travel Remote Control enables you to point and click your way through your PowerPoint presentations

Dell Wireless-N for 5 times faster throughput and 2 times the range for fewer dead spots
